The bill proposes to change the property tax exemption provided to historic residential properties by raising the annual minimum property tax for historic residences dedicated to preservation to \$1000 per year. The minimum property tax for other exemption categories would remain at the current level of \$300 annually. If CB 52 CD 1 is approved, only historic residential properties would be subject to the higher annual minimum tax rate; the other more than 20 categories of exemptions that qualify under their programs would pay the lower rate. Why are homes singled out? It does not seem fair.
